

TRENT FIREPLACES

For over 20 years we have designed and manufactured unique fire surrounds for all sizes and styles of homes. Whether you are looking for classical tradition or state of the art simplicity, we can create the perfect, bespoke surround in any size and colour. All of our fire surrounds are hand made by skilled craftsmen at our manufacturing base in Nottingham. We are proud to be a British Manufacturer.

## DIMENSIONS

ANY SIZE  
No two rooms share the same size, so specify the exact size you require and we will make it the perfect fit for you.

Each of our fire surrounds can be scaled up or down. If you find a design that you like but won't fit your room just tell us what size you require and we will make it to order - it's what we do, our speciality.

## COLOURS

ANY COLOUR  
Let us colour match your surround to your own requirements.

Whether you are matching your fireplace to your existing furniture or just going for the colour you like most, we offer a comprehensive colour range to choose from. Swatches of our standard colours can be seen on page 59 but we also offer a colour matching service and a choice of sheen finishes, from High Gloss to Flat Matt. All of our Trent Fireplaces Retailers have colour swatches available to assist you with your selection.

## BRIGHT & BOLD

When we say 'any colour' we really mean it, so we have created two stand-out examples to ignite your imagination. Fire surrounds have for so long been seen as a traditional centre piece to a room with only the walls getting a look in when it

comes to accent colours. Our manufacturing processes allow for our surrounds to be finished in whatever colour you may require rivaling the era when colours were unforgivingly strong so why not be brave and wait for the 'wows' to start. We have used some of today's wonderful graphic wallpapers and paint colours to inspire you. Simple, classic lines can take on a whole new personality in a vivid orange or yellow high gloss finish, or equally can look calming and contemporary if finished in Mineral Grey or Celadon. Whatever style you are looking for choose a colour to compliment it. So, how brave are you feeling?

Mix and Match. Whether you are looking for a traditional look or something a little more cutting edge Trent Fireplaces have designed a range of fire fronts and trims to allow you to create your perfect looking fire. We believe you will love your new fire and will want to keep it for many years but that's not to say that your taste won't change over time, that's just not a problem anymore. All of the trims and fire fronts can be changed to update the look of your fire at any time by using some clever little hidden magnets, which means YOU can update your look easily and simply without the need to call out an engineer. Why not have a summer/spring look and then something completely different for the winter ensuring you never get tired of the same design.

OPTION FOR HOLE IN THE  
WALL FIRES

The range of electric fires from Trent Fireplaces follow the same philosophy as the fire surrounds they manufacture, they offer choice. Most the of the fires can be supplied in different finishes and with a range of different fire fronts and trims, some of the selection available can be seen on page 30-31.

Please speak to your retailer who will be able to talk you through the different trim and front options.

BESPOKE ART

Our square surround forms the perfect backdrop for a bespoke artistic addition of your choice.

Vinyl wall stickers add a personal touch to any space but why should the walls have all the fun ? There is a huge choice of 'off the shelf' designs available from many retailers, so why not choose a design to match your décor or to reflect a subject close to your heart.

Trent Fireplaces have designed a range of mirrors to compliment their range of fire surrounds. Manufactured with the same care and attention to detail that is synonymous with Trent Fireplaces. With the ever important philosophy of giving you choice you can of course have this range of mirrors in the standard sizes as shown or made to measure to your own choice of size and colour.

THE BOW

THE HAVEN

THE LEON

THE FOXTON

THE RIMINI

THE ROMA

Standard Sizes are:  
The Haven / Leon / Foxton / Rimini  
and Roma 43" x 31" 1092 x 787mm  
The Bow: 44 1/4" x 32 1/4" 1124 x 820mm  
With Leaded Glass or Plain.

DIMENSIONS

All dimensions quoted are approximate. Each fire surround is manufactured individually and therefore may be subject to a slight variation in size.

**REBATE.** The rebate is the gap left on the inside of the surround where the marble may be fitted. All of Trent Fireplaces Fire Surrounds have an adjustable rebate as standard. With the rebate strip fitted there is a 1" (25mm) rebate. If the rebate strip is unscrewed and removed there is a larger rebate as stated. Special/different sized rebates are available on all of the Trent Fireplaces Fire Surrounds upon request.

**SUITES.** All of the suites featured in this brochure are designed to be supplied and fitted with the range of electric fires shown and as such will fit on to a flat wall.

COLOURS

All colours shown are to be used as a GUIDE only.

Dark Mahogany	Brown Mahogany	Rich Mahogany	Dark Oak	Medium Oak	Light Oak	Natural Oak	Oiled Oak
Clear Oak	Washed Oak	English Walnut	American Walnut	Cherry	Teak	Maple	Beech
Silkstone White	Silkstone Crème	White	Magnolia	Antique Pine	Aged Pine	Mineral Grey	Celadon

PLEASE NOTE. Due to the nature of many of the materials we use such as wood, a variation in shade and pattern is usual. Many of the surrounds featured in this brochure are manufactured using M.D.F. veneered with wood, while others are manufactured from solid timber. Many of the motifs are manufactured from resin. Many items featured are individually hand made and therefore slight variations in size are to be expected.

With regard to tiles, shading and crazing are inherent characteristics of glazed and ceramic tiles and should not be seen as a fault. With regard to cast iron and brass products, due to the casting process all sizes quoted are approximate. Polished cast iron and brass products are not recommended for solid fuel fires as some discolouration may occur. Occasionally this process of discolouration, which does not effect the serviceability of the product, may also occur with high output gas fires, therefore if discolouration will cause distress it is strongly recommended that black products be selected. All materials featured are reproduced as accurately as possible to the original products within the constraints of the photographic and printing processes.

We recommend the installation of all products by a professional fireplace installer and cannot be held responsible for any damage arising from incorrect or unqualified installation. Trent Fireplaces have taken great care in the preparation of the information contained in this brochure, but accept no liability for any loss or damage arising directly or indirectly from the use of, or reliance upon, any such information (except for liability for negligence resulting in personal injury which if proven is not excluded). Nothing in this brochure shall amount to any express or implied representation, warranty or other assurance. Trent Fireplaces reserve the right to change the description and specification of its Fire Surrounds and other products without prior notification. Consumer rights are not affected.
