Wall Mounted Gas Fires

Standard Flue or Balanced Flue Solutions

The G-**FX**-600, 750 and 800 represent a standout evolution in glass-fronted gas fire design. Created for versatility, these inset models are compatible with conventional Class 1 and Class 2 flues, with Balanced Flue options available on the 600 and 800. Designed to sit seamlessly within a fireplace wall, they offer a clean, understated look, enhanced by a choice of Slim or optional Wide trim. Beneath the surface, advanced under-log dual burner technology brings the fuel bed to life, while reflective black glass panels amplify the flames—creating a striking and contemporary centrepiece for any space.

Every Diamond gas fire is supplied with a 1-year manufacturer's guarantee, which can be extended to a 5-year limited guarantee* simply by registering your product online following installation.

For complete peace of mind, your extended guarantee is supported directly by Diamond through our nationwide network of authorised UK service centres. Combined with our dedicated customer support team, you can be confident of expert assistance whenever you need it. Warranty

Electric

1 Year warranty comes as standard, providing you with reassurance and peace of mind.

2 Years extended warranty is obtained by registering your product free, within 28 days of purchase.

After registration you will receive cover for parts only in year 2 & 3.

Gas

Our G-FX gas products have **5 year Limited Warranty*** so you can be confident you have purchased and installed a high quality product. All gas fires need to be serviced annually by a Registered Gas Safe Engineer to ensure continued operation and optimum performance. This annual service is a condition of our 5 year limited warranty, and you must show record of approved servicing.

*Upon registration. Terms & conditions apply
